2. **Performance:**
 - o Support for at least 32 WAPs to ensure seamless connectivity.
 - o Minimum throughput of 1 Gbps.
3. **Firmware:** Preferably include access to the latest firmware and software updates for one year.
4. **Solution Type:** The proposed solution must be cloud-based, congruent, repairable or refurbished to insure cost effectiveness and compatibility with existing infrastructure.

Terms and Conditions

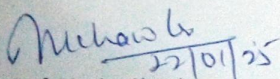

1. **Quotation Submission:**
 - o Quotations must be submitted by **27th January 2025, 4:00 PM**, to the Dean Students Welfare Office in a sealed envelope preferably. Alternatively, it can be mailed to dsw@pbi.ac.in.
2. **Evaluation:**
 - o Quotations will be evaluated based on technical compliance, cost-effectiveness, and delivery timelines.
3. **Warranty:** Preferably one-year warranty and after-sales support.
4. **Delivery and Installation:**
 - o The selected bidder must complete delivery, installation, configuration and testing within **five days** of the purchase order issuance.
5. **Payment Terms:**
 - o Payment will be made in full (100%) upon successful installation, configuration, and completion of 10 days of successful testing and commissioning after the issuance of the installation certificate.
6. **Support:**
 - o Preferably the vendor must provide technical support and periodic maintenance for a minimum of one-year post-installation.
