5 DAY FACULTY DEVELOPMENT PROGRAM on

# Effective Teaching : Pedagogy and Blended Learning

27<sup>th</sup> – 31<sup>st</sup> March, 2020

ORGANISED BY:

**SCHOOL OF MANAGEMENT STUDIES,  
PUNJABI UNIVERSITY, PATIALA**

## ABOUT THE DEPARTMENT

School Of Management Studies is an integral part of 58 years old Punjabi University campus, spread over a lush green 320 acre campus. The premier business school was established in 1969 with an aim to provide excellence in teaching, training, research and consultancy in Business Management. The department offers several flagship MBA programs which enable its students to be creative, innovative and dynamic business leaders. Besides, the school has also signed MoUs with several foreign universities, industries and government departments, so as to offer dynamically aligned and industry updated management courses.

The current year marks the exceptionally successful journey of 50 glorious years of this vibrant department. This business school has been continuously producing alumni who have gone on to shape and alter the conventional management practices around the world. Its professionally strong and vibrant faculty, which is a blend of academicians, researchers and professionals, has been continually serving as mentors to churn out MBA professionals who are transformational leaders in their respective fields.

## ABOUT THE PROGRAM

In this hi-tech age, the education should empower today's students with the problem-solving skills, analytical abilities, critical thinking, and logical reasoning. Considering the need to impart quality education, it is important to develop effective, up-to-date and at the same time, highly interactive pedagogical tools to communicate and reach to the students. This Five day program is about becoming a more effective teacher using different types of pedagogical tools such as case study method, blended learning etc.

## OBJECTIVES OF THE PROGRAM

The primary goal of a college or university is to provide knowledge through effective teaching. The knowledge and understanding of a subject is a must for becoming a good teacher. However, in order to be an effective teacher, a teacher should have the ability to motivate and inspire students to learn deeply in their courses. That's why some teachers are more effective than others. This five days program is about becoming a more effective teacher. This program will discuss a few key concepts, practices and methods which are now widely accepted and recognized as being effective in improving the teaching and learning process.

## PROGRAM STRUCTURE

The Five Day Program comprises of the following tentative modules:

- Teaching Learning in Higher Education
- Case Study Based Teaching
