

A team from Chitkara University would like to visit Punjabi University campus to hire students for its ME fellowship program and as interns. Details about the university, CURIN and ME fellowship program are provided in the succeeding paragraphs.

### **About Chitkara University**

**Chitkara Educational Trust (CET)** was founded in 1998 with a clear mission to pursue excellence in all fields of education and adhere to the highest standards of academic rigor in all its operations. Under the aegis of this Trust, **Chitkara Institute of Engineering and Technology (CIET)** was established in 2002 at District Patiala in Punjab and **Chitkara University (CU)** was established in 2008 at District Solan in Himachal Pradesh. Campus at Punjab was also accorded the status of full-fledged private state university in year 2010. Besides engineering institutes, the Punjab Campus of Chitkara University also offers programs in the areas of business studies, mass media, architecture, pharmacy, optometry, nursing, health care sciences, hospitality and design & animation. Most of these programs are ranked very high in the national and International ranking of importance and are offered in collaboration with many top-notch industries in their respective domains. Please visit – [www.chitkara.edu.in](http://www.chitkara.edu.in) to know more about the university.

### **About CURIN :**

CURIN was established in year 2014 to promote the cause of research and Innovation in Chitkara University. With more than 150 plus patents and a financial grant of more than Rs. 1.5 crores from various government agencies, CURIN is on its way to become country's most respected research center. This research center of Chitkara University has been ranked at position no. 4 among all government and private academic and research institutes of India in filing maximum number of patents. Senior researchers at CURIN work in many exciting areas like Cloud computing, Data mining, Augmented reality, next generation electronic devices, applications of RF technology and many others. CURIN is an ideal place for students who do have passion for working on some of the latest technologies and wish to see their name as one of the co authors in research papers published by big Editorial houses like IEEE, Elsevier, Springer, Taylor & Francis etc. Please visit <http://curin.chitkara.edu.in/> for more details.
